

Heavy-Duty Diagonal Cutter Industrial 200 mm, DynamicJoint® with Opening Spring - Wiha 41277

Item no. WH-41277

Manufacturer Wiha

EAN 4010995412777

The Wiha Industrial heavy-duty diagonal cutter with DynamicJoint® cuts soft to extremely hard wires and cables up to 2.8 mm diameter with up to 40% more force than conventional diagonal cutters. The switchable opening spring protects hands and muscles during extended use, and the ergonomic two-component handle provides a secure, comfortable grip.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Vietnam
HS-Code	82032000
Weight	0.312 kg

DESCRIPTION

Extended wire and cable cutting strains the wrists. The DynamicJoint® pivot on the Wiha Industrial diagonal cutter optimizes the lever ratio, transferring hand force more efficiently to the cutting edges for up to 40% greater cutting force. The switchable opening spring and semi-circular head combine to produce clean cuts with less effort.

BENEFITS

- Up to 40% greater cutting force through DynamicJoint® optimized lever ratio
- Switchable opening spring reduces hand and muscle strain
- Inductively hardened C 70 tool-steel cutting edges for long service life
- Semi-circular head for precise, clean cut edges
- Ergonomic two-component handle for comfortable use

TECHNICAL DATA

- Overall length: 200 mm (8")
- Dimensions: 200 x 50 x 35 mm (L x W x D)
- Maximum diameter: 2.8 mm
- Medium-hard wire: up to 4.2 mm
- Hard wire: up to 3.0 mm
- Hardened spring steel: up to 2.5 mm
- Cutting force index: 19

APPLICATIONS

Suited to mechanical applications requiring continuous cutting of soft to very hard wires and cables.
Regular maintenance with a drop of oil extends tool life.

Made in Vietnam. HS code: 82032000.
