

Kreissägeblatt diamantiert Ø 50 mm - Proxxon 28012

Item no. PX-28012

Manufacturer Proxxon

EAN 4006274280120

Diamond-coated circular saw blade with a diameter of 50 mm for particularly hard and brittle materials. The diamond coating cuts without teeth and ensures even cuts in difficult-to-machine materials.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.014 kg

DESCRIPTION

Diamond-coated circular saw blade with a 50 mm diameter. Instead of conventional teeth, the blade carries a diamond coating that cuts hard and brittle materials evenly.

- Diamond coating for hard and brittle materials
- Even cut with no teeth to break out
- 50 mm diameter

TECHNICAL DATA

- Diameter: 50 mm
- Type: diamond-coated

Application: cutting particularly hard and brittle materials.
