Twelve fine-toothed pin-end scroll saw blades for clean, low-splinter cuts and tight curves. At 25 teeth per 25 mm they suit thin wood, veneer and plastic.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.015 kg

DESCRIPTION

The fine-toothed pin-end scroll saw blades deliver clean, low-splinter cuts and master tight curves. At 25 teeth per 25 mm they are ideal for thin wood, veneer and plastic. The cross pin allows tool-free clamping in compatible scroll saws.

- **Fine toothing** for clean, low-splinter cuts
- **25 teeth per 25 mm** for thin materials and tight curves
- **Pin-end mount** for quick blade changes

TECHNICAL DATA

- Toothing: fine, 25 teeth per 25 mm
- Mount: pin end
- Quantity: 12 pcs.

Suitable for delicate scroll work in thin wood, veneer and plastic.
