

light pallet - Auer LP 1210

Item no. LP 1210

Manufacturer Auer

HDPE light pallet in the format with very low tare weight and high load capacity for worldwide shipping. The lowest tare weight in the range cuts shipping and handling costs.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	39239000
Note	Stück auf Palette - 50
Weight	6.68 kg

DESCRIPTION

HDPE light pallet in the format with very low tare weight and high load capacity for worldwide shipping.

- The lowest tare weight in the range cuts shipping and handling costs.
- Empty pallets nest space-savingly inside one another.
- Available with feet or skids, where skids add stability for heavy loads.
- An optional retaining edge fixes stacked containers slip-resistant.

Used for export, in-house transport and one-way to reusable shipping of light to medium loads.

Made of recyclable HDPE, manufactured in Germany.

Technical data
