TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	39239000
Note	Stück auf Palette - 15
Weight	18.83 kg

DESCRIPTION

Cleanroom pallet with a fully closed, smooth deck in the format for hygienic storage and thorough cleaning.

- The closed, smooth deck wipes clean without residue.
- Heat- and cold-resistant and indifferent to moisture.
- Food-safe when made of new material, very economical in the reclaimed-material variant.
- Available with or without a retaining edge and as a heavy-duty version for high-bay racking.

Used in cleanroom, pharmaceutical, electronics and food environments with high hygiene demands.

The new-material version is food-safe, the reclaimed-material version is not food-safe. Manufactured in Germany.
