ESD safe

DESCRIPTION

The Treston drawer unit 45/56-4 is a mobile steel unit for centrally organised, movable storage of tools and small components. Its dissipative ESD design protects electrostatically sensitive parts, making it ideal for electronics manufacturing and antistatic workstations.

FEATURES

- Three drawers in heights 1x100 and 2x200 mm
- Full 100% extension for complete access to the drawer contents
- Load capacity up to 60 kg per drawer, total capacity up to 150 kg
- Fitted with castors for flexible use
- Powder coating in RAL 7035 grey
- Internal drawer dimensions 380 x 500 x 90/190/290 mm
