ESD safe

DESCRIPTION

The Treston drawer unit 45/56-11 is a high-quality steel under-bench unit for centrally organised storage of tools and small components. Its dissipative ESD design protects electrostatically sensitive parts, making it ideal for electronics manufacturing and antistatic workstations.

FEATURES

- Two drawers in heights 1x200 and 1x300 mm
- Full 100% extension for complete access to the drawer contents
- Load capacity up to 60 kg per drawer
- Fixed plinth base
- Powder coating in RAL 7035 grey
- Internal drawer dimensions 380 x 500 x 90/190/290 mm
