STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Treston Concept accessory bar links the legs of a 1500 mm wide Concept bench and provides a sturdy mounting rail for further accessories. The 150 mm depth adjustment allows flexible positioning.

FEATURES

- Suitable for Treston Concept benches with 1500 mm width
- 150 mm depth adjustment
- Conductive ESD version

APPLICATION

The bar is required to securely mount a footrest or a CPU/printer holder to the Concept bench. Ideal for building ergonomic ESD workstations.
