

Recycling trolley with 2 wastebins, 4 castors, 680x625x765 mm - Treston PRMT2

Item no. TR-PRMT2

Manufacturer Treston

EAN 6416763065486

Recycling trolley with two wastebins, ideal underneath or beside the packing bench. Both bins are adjustable in angle for easy use.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Finland
HS-Code	39231090
Weight	15.7 kg

DESCRIPTION

The Treston PRMT2 recycling trolley comes with two wastebins and is ideal for placing underneath or beside the packing bench. This allows two waste fractions to be collected separately right at the workstation.

FEATURES

Both bins are adjustable in angle, which makes filling and emptying easier. Four castors provide simple mobility.

SPECIFICATIONS

- **Article:** PRMT2
- **Dimensions (WxDxH):** 680 x 625 x 765 mm
- **Wastebins:** 2 (angle-adjustable)
- **Castors:** 4

A practical solution for multi-stream waste separation at packing and assembly workstations.
