### DESCRIPTION

The Treston BLD20 label dispenser feeds adhesive labels straight from the roll, speeding up labelling at the packing and dispatch station. It has space for several rolls and keeps the work area tidy.

### FEATURES

- **Function:** feeds labels from a roll
- **Capacity:** space for several rolls
- **Mounting:** screws to the ASSA4 auxiliary steel shelf or placed freely in a shelf or tray

### APPLICATION

Ideal for dispatch and packing areas where labels need to be peeled off quickly and cleanly.
