

# Fume Extraction Filter 10-Pack - Hakko A1572

Item no. HK-A1572

Manufacturer Hakko

EAN 4962615035951

Pack of 10 replacement pre-filters for the Hakko FA-430 fume extraction system. Maintains optimal filtration performance and air quality during soldering operations.

## DESCRIPTION

## OVERVIEW

The Hakko A1572 is a genuine replacement filter pack containing 10 pre-filters designed specifically for the FA-430 fume extraction system. These filters capture solder fumes and particulates to maintain clean air quality in the work environment.

## KEY FEATURES

- Pack of 10 replacement pre-filters
- Compatible with FA-430 fume extraction unit
- Genuine Hakko OEM quality
- Easy installation and replacement
- Effective fume and particulate capture
- Extends main filter life

## TECHNICAL SPECIFICATIONS

|                   |            |
|-------------------|------------|
| Compatible System | FA-430     |
| Quantity          | 10 filters |
| Filter Type       | Pre-filter |

|                   |       |
|-------------------|-------|
| Country of Origin | Japan |
|-------------------|-------|

## APPLICATIONS

Ideal for soldering workstations using the FA-430 fume extraction system. Regular filter replacement ensures consistent extraction performance and maintains a healthy work environment.
