Weight	0.0099 kg

DESCRIPTION

OVERVIEW

The Hakko A1612 is a replacement filter cartridge pack containing 10 units designed specifically for the FM-2024 desoldering pump. These cartridges maintain consistent suction performance and protect the pump mechanism from solder debris and contaminants. This product is the direct successor to the A1511 model.

KEY FEATURES

- Pack of 10 replacement cartridges
- Optimized for FM-2024 desoldering pump
- Maintains peak suction efficiency
- Extends pump service life
- Easy cartridge replacement
- Successor to A1511 model

TECHNICAL SPECIFICATIONS

Quantity per Pack	10 cartridges
Compatible Equipment	Hakko FM-2024 desoldering pump
Predecessor Model	A1511

Country of Origin	Japan
-------------------	-------

APPLICATIONS

Ideal for electronics repair technicians, PCB rework professionals, and manufacturing facilities that regularly perform desoldering operations. Regular cartridge replacement ensures reliable suction performance and prevents pump damage from accumulated solder residue.

SCOPE OF DELIVERY

- 10 replacement filter cartridges
