

## ESD brush Kinetronics SWG-200 for the graphic industry, 200 mm - Kinetronics SWG-200

Item no. SWG - 200

Manufacturer Kinetronics

Conductive StaticWisk ESD brush SWG-200 with a 200 mm working width that dissipates static charge on paper, foils and textiles. Supplied with a ground cord and a magnetic mount with two adjustable ball joints for universal positioning.

### TECHNICAL DATA

|                   |                         |
|-------------------|-------------------------|
| Ausführungsklasse | <b>ESD (antistatic)</b> |
| Colour            | <b>Black</b>            |
| ESD equipment     | <b>ESD-Bürste</b>       |
| Norm              | <b>IEC 61340-5-1</b>    |
| Sales unit        | <b>1 Stück</b>          |
| Weight            | <b>0.1 kg</b>           |
| Width             | <b>200</b>              |

### STANDARDS & COMPLIANCE

ESD safe

### DESCRIPTION

Wherever material is processed from the roll, winding and unwinding, deflection over rollers and friction generate static charge. This can disrupt downstream processing or damage the material. The Kinetronics StaticWisk ESD brush SWG-200 picks up these charges with soft conductive synthetic fibres and channels them to ground through a grounding cable.

### BENEFITS

- Soft conductive synthetic fibres, gentle on paper, foils and textiles
- Grounding cable for safe charge dissipation to ground
- Easily fixable bracket with magnetic foot
- Two adjustable ball joints for universal alignment

### TECHNICAL DATA

- Working width: 200 mm (8")
- Housing: aluminium extrusion
- Fibres: conductive synthetic, soft
- Mount: magnetic foot with two adjustable ball joints
