

# Nitto Kohki Semicon SP Cupla. Quick Connect Coupling 2S-304-E, SUS, EPDM

**Item no.** NKH-349819325 **Manufacturer** Nitto Kohki

**Manufacturer no.** 349819325

Mehrzweckkupplung aus Edelstahl und O-Ring-Abdichtung. Elektropolierte Oberfläche für bessere Korrosionsbeständigkeit.

## TECHNICAL DATA

Article authenticity	<b>Original product</b>
Condition of article	<b>New</b>
Weight	<b>0.05 kg</b>

## DESCRIPTION

**General purpose type with stainless steel body and rubber seal. Electro-polished body for enhanced corrosion resistance.**

- Body and valve springs are stainless steel (SUS304, SUS316). Body is electro-polished for enhanced corrosion resistance.
- Seal materials can be selected to suit your fluid and application, to flexibly comply with your semiconductor production process requirements.
- Abundant size variations allow choice to suit your application and flow rate.
- Each plug comes with a dust cap.

## Specifications

**Applicable Fluids:** Air / Water / High Purity Chemicals / Gas  
**Working Pressure:** 2 bar  
**Valve Structure:** Two-way shut-off  
**Body Material:** Stainless steel  
**Seal Material:** FKM / EPDM / P / KL  
**Size:** 1/8" / 1/4" / 3/8" / 1/2" / 3/4" / 1" / 1 1/4" / 1
