

Nitto Kohki Semicon SP Cupla. Quick Connect Coupling 2P-304-NPT-KL, SUS, Kalrez

Item no. NKH-349812623

Manufacturer Nitto Kohki

Mehrzweckkupplung aus Edelstahl und O-Ring-Abdichtung. Elektropolierte Oberfläche für bessere Korrosionsbeständigkeit.

TECHNICAL DATA

Weight

0.05 kg

DESCRIPTION

General purpose type with stainless steel body and rubber seal. Electro-polished body for enhanced corrosion resistance.

- Body and valve springs are stainless steel (SUS304, SUS316). Body is electro-polished for enhanced corrosion resistance.
- Seal materials can be selected to suit your fluid and application, to flexibly comply with your semiconductor production process requirements.
- Abundant size variations allow choice to suit your application and flow rate.
- Each plug comes with a dust cap.

SPECIFICATIONS

Applicable Fluids:	Air / Water / High Purity Chemicals / Gas
Working Pressure:	2 bar
Valve Structure:	Two-way shut-off
Body Material:	Stainless steel
Seal Material:	FKM / EPDM / P / KL
Size:	1/8" / 1/4" / 3/8" / 1/2" / 3/4" / 1" / 1 1/4" / 1
