

Cleaning Brush for Iron Holder - Hakko AC5000

Item no. HK-AC5000	Manufacturer Hakko	EAN 4962615060311
--------------------	--------------------	-------------------

Replacement cleaning brush for Hakko FH 215-811 iron holder. Designed to remove solder residue and oxidation from soldering iron tips, ensuring optimal heat transfer and soldering quality.

TECHNICAL DATA

Country of Manufacture	Japan
HS-Code	85159080
Weight	0.1 kg

DESCRIPTION

OVERVIEW

The Hakko AC5000 is a replacement cleaning brush designed specifically for use with the Hakko FH 215-811 soldering iron holder. This brush efficiently removes solder residue, flux, and oxidation from soldering iron tips, maintaining optimal contact and heat transfer during soldering operations.

KEY FEATURES

- Compatible with Hakko FH 215-811 iron holder
- Effective solder and flux residue removal
- Extends soldering iron tip lifespan
- ESD-safe construction
- Easy replacement design
- Maintains consistent soldering quality

TECHNICAL SPECIFICATIONS

Model	AC5000
Compatible Holder	FH 215-811
Type	Replacement Brush

ESD Safe	Yes
Country of Origin	Japan

APPLICATIONS

Ideal for electronics assembly, PCB soldering, rework operations, and any application requiring regular iron tip maintenance. Regular use of the AC5000 brush prevents tip oxidation and ensures consistent solder joint quality.

SCOPE OF DELIVERY

- 1x Hakko AC5000 Cleaning Brush
