

Active Soldering Tip 1D Format - Hakko T50-D1

Item no. HK-T50-D1Manufacturer HakkoEAN 4962615059551

Active soldering tip in 1D format designed for Hakko FX-9703 and FX-9704 soldering irons. Delivers reliable heat transfer and consistent solder joint quality for professional electronics assembly and repair work.

TECHNICAL DATA

Country of Manufacture	Japan
HS-Code	85159080
Weight	0.02 kg

DESCRIPTION

OVERVIEW

The Hakko T50-D1 is an active soldering tip in 1D format, engineered for use with Hakko FX-9703 and FX-9704 soldering irons. This precision tip delivers superior heat transfer and thermal stability for demanding soldering applications in electronics manufacturing and field service.

KEY FEATURES

- 1D format design optimized for specific soldering tasks
- Active tip technology for enhanced heat distribution
- Compatible with FX-9703 and FX-9704 handpieces
- Professional-grade construction for reliable performance
- Consistent solder joint quality across production runs

TECHNICAL SPECIFICATIONS

Tip Format	1D
Compatible Irons	Hakko FX-9703, FX-9704
Country of Origin	Japan

APPLICATIONS

Ideal for precision soldering in electronics assembly, PCB rework, component repair, and industrial maintenance where consistent thermal performance and reliable solder joints are essential.

SCOPE OF DELIVERY

- 1x Hakko T50-D1 Active Soldering Tip (1D Format)
