

Active Soldering Tip 0.15J Format - Hakko T52-J015

Item no.	HK-T52-J015	Manufacturer	Hakko
Manufacturer no.	T52-J015	EAN	4962615060410

Replacement active soldering tips in 0.15J format designed for the Hakko FX-9706 micro soldering tweezers. Pack contains 2 tips for precision micro-soldering applications.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Japan
HS-Code	85159080

DESCRIPTION

Overview

The Hakko T52-J015 active soldering tips are precision replacement components designed specifically for the FX-9706 micro soldering tweezers system. These tips feature the 0.15J format and are supplied as a pack of two units, ensuring you have spares for continuous micro-soldering operations.

Key Features

- 0.15J format specifically designed for FX-9706 micro tweezers
- Active heating element for consistent thermal performance
- Pack of 2 tips for extended operational use
- Precision-engineered for fine-pitch component soldering
- Compatible with Hakko's micro soldering system

Technical Specifications

Tip Format	0.15J
Quantity per Pack	2 pieces

Compatible Equipment	Hakko FX-9706 Micro Soldering Tweezers
Tip Type	Active heating element
Country of Origin	Japan

Applications

Ideal for micro-soldering applications including fine-pitch component assembly, rework of miniaturized electronics, and precision soldering tasks requiring controlled thermal delivery to small solder joints.

Scope of Delivery

- 2 × Active soldering tips (0.15J format)
