TECHNICAL DATA

Article authenticity	Original product
Colour	Red
Condition of article	New
Execution	ESD (antistatic)
Norm	IEC 61340-5-1
Sales unit	1 Stück
Weight	0.1 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The SafeGuard ESD wristbands adjust easily and wear comfortably on the wrist. Silver and carbon are worked into the band to ground the wearer in the ESD protected area. Together with a coil cord that has a built-in protective resistor, the wristband forms the personnel grounding chain against electrostatic discharge. The band is antiallergenic and washable.

Benefits

- **Silver and carbon in the weave** for reliable dissipation of static charges.
- Easy to adjust and antiallergenic.
- Washable for a long service life.

Technical specifications

- Colour: red

- Connection: 7 mm snap fastener
- Length: 220 mm
- Material: fabric with silver and carbon
- Selling unit: 1 piece

Applications

Personnel grounding at ESD protected workplaces (EPA) in electronics manufacturing, repair and laboratory work.

Standards and compliance

Tested to BGI 818:2001 for grounding of personnel in the ESD protected area per IEC 61340-5-1.
