

ESD metal wrist strap, black, 10 mm snap fastener, nickel-free

Item no. WL24921

Manufacturer Safeguard

ESD wrist strap made of black metal links with a fold-out buckle and 10 mm snap fastener. It adjusts steplessly to any wrist and, together with a coil cord, grounds the wearer safely inside the EPA. The nickel-free build is kind to the skin.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Black
Norm	IEC 61340-5-1
Sales unit	1 Stück
Weight	0.1 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The Safeguard metal ESD wrist strap grounds operators reliably at the workbench and protects static-sensitive components from damage. Its fold-out buckle adjusts steplessly to any wrist for a secure fit.

BENEFITS

- Black metal links for durable, lasting skin contact
- Nickel-free build, skin-friendly and well tolerated
- Fold-out buckle, tool-free and stepless adjustment
- 10 mm snap fastener to connect a matching coil cord

TECHNICAL DATA

- Material: metal links
- Colour: black
- Connector: 10 mm snap fastener
- Length: 220 mm
- Selling unit: 1 piece

- Tested to BGI 818:2001

APPLICATIONS

For grounding inside an ESD protected area (EPA) during assembly, repair and inspection of electronic boards. A coil cord with an integrated 1 MOhm resistor is required for operation.

STANDARDS

Designed for ESD workplaces to IEC 61340-5-1. Tested to BGI 818:2001.
