

Remote control for ionizing bar SIB5 series - Simco WL70088

Item no. WL70088

Manufacturer Simco

Remote control for the Simco-Ion SIB5 series ionizing bars. It allows the bar to be operated and adjusted from the work area.

TECHNICAL DATA

Sales unit 1 Stück

Weight 0.1 kg

DESCRIPTION

The 7520.SIBX.RC1 remote control operates the Simco-Ion SIB5 series ionizing bars from a distance. Functions of the bar can be controlled conveniently from the work area without reaching the mounted bar directly.

BENEFITS

- operate the SIB5 ionizing bar from the work area
- original accessory for the SIB5 series
- simple connection to the bar

TECHNICAL DATA

- Model: 7520.SIBX.RC1
- Manufacturer: Simco-Ion
- Suitable for: SIB5 series ionizing bars
- Selling unit: 1 piece

APPLICATION

Control accessory for ionizing bars over conveying and processing lines in the EPA.
