

ESD vacuum cleaner EPA, 900 W, 8 L, black - Warmbier 7350.VAC.EPA

Item no. WL59776

Manufacturer Warmbier

EAN 4052339026332

ESD vacuum cleaner for use in EPA protected areas, with 900 W power and 8 L capacity. Quiet at 54 dB with a HEPA H13 filter for clean exhaust air.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Black
Norm	IEC 61340-5-1
Sales unit	1 Stück
Weight	5.8 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The Warmbier EPA vacuum cleaner 7350.VAC.EPA is built for use in electrostatic protected areas (EPA). Its quiet motor allows very low-noise vacuuming at 54 dB on the lowest setting, and the HEPA H13 filter keeps the exhaust air clean in sensitive manufacturing and cleanroom areas.

BENEFITS

- Dissipative housing and chassis for the EPA
- Quiet at 54 dB on the lowest setting
- HEPA H13 filter for clean exhaust air
- Chassis with 5 dissipative twin swivel castors

TECHNICAL DATA

- Power: 900 W
- Capacity: 8 l
- Noise level: 54 dB(A)
- Suction levels: two
- Working radius: 15 m
- Filter: HEPA H13

- Protection class: 1
- Weight: 5.8 kg
- Colour: black
- Manufacturer no.: 7350.VAC.EPA
- Selling unit: 1 piece

APPLICATION

For ESD safe cleaning in electronics manufacturing, cleanrooms and EPA areas.

STANDARDS AND COMPLIANCE

Suitable for use in EPA areas to IEC 61340-5-1.
