

Spiral cleaning rods for clogged desoldering tips, D530 - JBC CL5760

Item no. WL85384 **Manufacturer** JBC**Manufacturer no.** CL5760

Spiral cleaning rods for the intensive cleaning of clogged desoldering tips and for restoring vacuum pressure. Matched to the D530 tip range.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Spain
HS-Code	85159080900
Weight	0.1 kg

DESCRIPTION

The JBC CL5760 spiral cleaning rods are used for the intensive cleaning of desoldering tips when the tip is clogged or the vacuum pressure drops. The spiral rod removes solder residue inside the tip and restores the full suction channel.

Benefits

- Spiral shape for thorough cleaning of clogged desoldering tips
- Restores vacuum pressure when suction performance declines
- Matched to the D530 tip range

Technical data

Article no.	CL5760
Form	spiral rod
Dimensions	35 x 40 x 80 mm
Compatible with	D530 tip range
Sales unit	1 piece
ESD-safe	no

Applications

Intensive cleaning of clogged desoldering tips, restoring suction performance on desoldering systems with D530 tips.
