

Cleaning brush for DS360 desoldering iron, cleans glass and metal collectors - JBC 0008297

Item no. WL70784

Manufacturer JBC

Cleaning brush for the JBC DS360 desoldering iron. It reliably clears molten solder from the glass or metal collectors and keeps the desoldering unit ready for use.

TECHNICAL DATA

Country of Manufacture **Spain**

HS-Code **85159080900**

Weight **0.1 kg**

DESCRIPTION

The 0008297 cleaning brush is used to clean the solder collectors on the JBC DS360 desoldering iron. It removes molten solder from glass and metal collectors so the vacuum desoldering works without interruption.

BENEFITS

- Reliably clears glass and metal collectors of molten solder
- Keeps the DS360 desoldering unit ready for use and prevents blockages
- Sturdy brush for repeated cleaning use
