

ESD side cutter for wire up to 20 AWG (0.8 mm), 123 mm, for tight spaces - JBC SHR140

Item no. WL48111

Manufacturer JBC

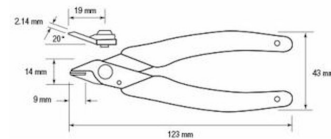

Precise ESD-safe side cutter from JBC for soft wire up to 20 AWG (0.8 mm). Its size and shape suit work in tight spaces. The dissipative handles protect sensitive components.

TECHNICAL DATA

Ausführungsklasse **ESD (antistatic)**

Country of Manufacture **Spain**

HS-Code **82033000**

Weight **0.1 kg**

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The SHR140 is a precise and durable side cutter with ESD-safe handles for electronics manufacturing. Its size and shape suit work in areas with little space between parts.

BENEFITS

- Reliably cuts soft wire up to 20 AWG (0.8 mm)
- ESD-safe dissipative handles protect sensitive components from static discharge
- Compact shape for work in tight spaces
- Durable cutting edge for professional continuous use

TECHNICAL DATA

Article number	SHR140
Cutting capacity	soft wire up to 20 AWG (0.8 mm)
ESD-safe	yes
Dimensions (L x W x H)	123 x 43 x 14 mm
Sales unit	1 piece

APPLICATIONS

For trimming component leads and wires at ESD-protected workstations in electronics manufacturing, especially in tight spaces.

COMPATIBILITY AND SCOPE OF DELIVERY

Scope of delivery: 1 side cutter SHR140.

Made by JBC, Spain. ESD-safe to IEC 61340-5-1. Compliant with CE and RoHS.
