

ESD T-shirt round neck royal blue with black collar, 150 g/m², L

Item no. WL30473**Manufacturer Safeguard**

ESD T-shirt made of 97% cotton with 3% carbon fibre, royal blue with a black round-neck collar. The dissipative fabric protects sensitive components from electrostatic discharge and meets DIN EN 61340-5-1. Size L.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Certification	IEC 61340-5-1
Colour	Blue
Geschlecht	Unisex
Sales unit	1 Stück
Size	L
Weight	0.3 kg

STANDARDS & COMPLIANCE

ESD safe **DIN EN 61340-5-1**

DESCRIPTION

The dissipative Safeguard ESD T-shirt keeps staff in EPA workplaces grounded close to the body, preventing electrostatic discharge damage to sensitive electronic components. Carbon fibre woven into the fabric channels charges away in a controlled manner, while the high cotton content provides comfortable wear throughout the shift.

BENEFITS

- Controlled charge dissipation through woven carbon fibre, typical point-to-point resistance 10^5 to 10^7 ohm
- High cotton content for a comfortable, breathable feel on the skin
- Washable at 40 °C without fabric softener so the dissipative effect is preserved

TECHNICAL DATA

- Material: 97% cotton, 3% carbon fibre
- Fabric weight: 150 g/m²
- Colour: royal blue with black collar
- Neckline: round neck

- Sleeve length: short sleeve
- Gender: unisex
- ESD logo embroidered on the sleeve
- Size: L

APPLICATIONS

Suitable for ESD protected areas (EPA) in electronics manufacturing, laboratories, repair and assembly where static-sensitive components are handled.

STANDARDS AND COMPLIANCE

Meets the requirements of DIN EN 61340-5-1 for ESD protective clothing.
