### STANDARDS & COMPLIANCE

ESD safe DIN EN 61340-5-1

### DESCRIPTION

The SafeGuard PRO ESD T-shirt dissipates personal charges in a controlled way and protects electrostatically sensitive components at the workplace. The woven-in carbon fibre keeps the dissipative resistance low even after repeated washing.

### BENEFITS

- Typical point-to-point resistance of 10<sup>5</sup> to 10<sup>7</sup> ohm
- Finished, high-quality cotton for comfortable wear
- Black crew-neck collar for contrast, embroidered ESD logo on the sleeve
- Washable at 40 degrees without fabric softener

### TECHNICAL DATA

- Material: 97% cotton, 3% carbon fibre
- Fabric weight: 150 g/m<sup>2</sup>
- Colour: royal blue with black collar
- Size: XXL
- Sleeve length: short sleeve

- Neckline: crew neck
- Selling unit: 1 piece

## **APPLICATION**

Suitable for EPA areas in electronics manufacturing, repair and testing requiring personal protective clothing.

## **STANDARDS AND COMPLIANCE**

Meets the requirements of DIN EN 61340-5-1.
