DESCRIPTION

The SafeGuard PRO ESD T-shirt protects electronic components by dissipating electrostatic charge in a controlled way through the wearer. The woven carbon fibre keeps the shirt permanently dissipative, while the high cotton content gives it a soft hand and good wearing comfort.

BENEFITS

- Woven carbon grid for reproducible dissipation of static charge
- Soft V-neck and short sleeves for comfortable all-day wear
- ESD logo on the left sleeve for clear identification
- Washable at 40 °C without fabric softener to preserve dissipative performance
