

ESD Barcode Scanner MS851B 1D, Bluetooth - A1- ESD EP0201107

Item no. EP0201107

Manufacturer A1-ESD

Cordless ESD barcode scanner MS851B with Bluetooth for reading all common 1D barcodes in ESD protected areas and cleanrooms. Megapixel sensor, IP42, with battery and charging cradle, range up to 100 m.

TECHNICAL DATA

Ausführungsklasse **ESD (antistatic)**Norm **IEC 61340-5-1**Sales unit **1 Stück**Weight **0.62 kg**

STANDARDS & COMPLIANCE

ESD safe IEC 61340: 105 IEC 61340-5-1

DESCRIPTION

The ESD barcode scanner MS851B reliably reads 1D barcodes in the EPA and cleanroom without building up electrostatic charge. Over Bluetooth it works cordlessly with a range of up to 100 m in clear line of sight.

BENEFITS

- Suitable for use in ESD protected areas and cleanrooms
- Reads 1D barcodes, including on mobile screens
- Reads damaged or poorly printed barcodes
- Cordless over Bluetooth up to 100 m in clear line of sight

TECHNICAL DATA

- Resistance per IEC 61340: 10^5 to 10^9 ohm
- Dimensions (L x W x H): 88 x 72 x 178 mm
- Weight: 213 g (without charging cradle)
- Interface: USB
- Protection class: IP42

- Drop protection: 2.10 m
- Bluetooth range: 100 m in clear line of sight
- Service life: up to 10,000,000 triggers
- Signalling: 90 dBi beeper and LED indicator

SCOPE OF DELIVERY

- ESD scanner
- Battery and charging cradle
- USB interface cable
- 3-year warranty

STANDARDS

Resistance per IEC 61340-5-1, suitable for ESD protected areas (EPA).
