### DESCRIPTION

### OVERVIEW

The Hakko B 3670 is an original equipment manufacturer (OEM) membrane frame plate specifically engineered for the FM 206 multifunction soldering station. This replacement part ensures proper operation and longevity of your station.

### KEY FEATURES

- Genuine Hakko OEM component
- Designed for FM 206 multifunction station
- Ensures reliable station operation
- Direct replacement part
- Japanese manufacturing quality

### APPLICATIONS

The B 3670 membrane frame plate is essential for FM 206 station users requiring replacement or maintenance of worn components. Suitable for professional soldering, rework, and electronics assembly environments.

### SCOPE OF DELIVERY

- 1x Membrane frame plate
