

Soldering Tip Format B - Hakko T11-B

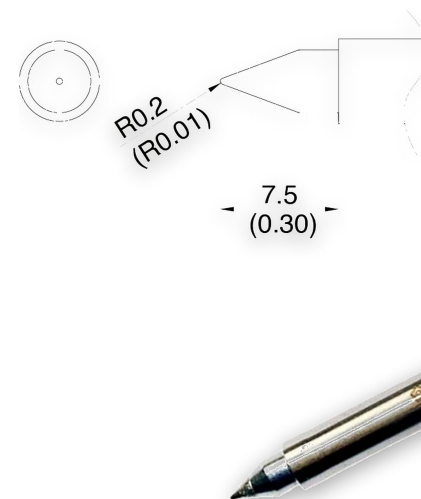

Item no. HK-T11-B

Manufacturer Hakko

EAN 4962615015205

Format B soldering tip designed for the Hakko 901 soldering iron. Delivers consistent heat transfer and reliable solder connections for electronics assembly and repair work.

Units: mm (in.)

TECHNICAL DATA

Country of Manufacture	Japan
HS-Code	85159080
Note	Es gibt keine Lieferung von Hakko Produkten in die Schweiz
Weight	0.1 kg

DESCRIPTION

OVERVIEW

The Hakko T11-B is a Format B soldering tip engineered for use with the Hakko 901 soldering iron. This replacement tip provides consistent thermal performance and reliable solder joint formation for precision electronics work.

KEY FEATURES

- Format B tip geometry for optimal solder flow
- Compatible with Hakko 901 soldering iron
- Precision-engineered for consistent heat transfer
- Durable construction for extended service life
- Suitable for general-purpose soldering applications

TECHNICAL SPECIFICATIONS

Tip Type	Format B
Compatible Iron	Hakko 901
Country of Origin	Japan

APPLICATIONS

Ideal for electronics assembly, PCB soldering, component rework, and general-purpose soldering tasks requiring precision and reliability.
