

Jun-Air 106R-25B Oil-Free Compressor

Item no. JUN-1068760

Manufacturer Jun-Air

The Jun-Air 106R-25B is an ultra-quiet, oil-free piston compressor on a 25-litre receiver tank. Its maintenance-friendly oil-free design delivers clean compressed air right at the workplace – ideal for dental, laboratory and electronics applications.

TECHNICAL DATA

Weight

60 kg

DESCRIPTION

Jun-Air 106R-25B Oil-Free Compressor – a compact base unit from Jun-Air's R-series, the Danish specialist in ultra-quiet compressed air. Its oil-free rocking-piston technology produces clean, oil-free air while running exceptionally quietly. The pump is mounted on a 25-litre receiver tank.

KEY FEATURES

- Oil-free rocking-piston compressor – clean, oil-free air with no residual contamination
- Ultra-quiet operation, characteristic of Jun-Air, for use directly at the point of work
- Base configuration (B) on a 25-litre receiver tank for steady air supply
- Low-maintenance design with no oil changes required
- Rugged R-series pump platform built for reliable continuous duty
- Compact footprint for the lab, surgery or workshop

TECHNICAL SPECIFICATIONS

Type	Oil-free (rocking piston)
Motor power	0.75 HP (approx. 0.55 kW)
Free air delivery	51 l/min @ 5 bar, 43 l/min @ 7 bar, 39 l/min @ 8 bar
Max pressure	8 bar
Tank volume	25 L

Noise level	68 dB(A)
Voltage	230 V / 50 Hz
Duty cycle	100%
Configuration	B - base unit on receiver tank

APPLICATIONS

Ideal for dental practices, laboratories, electronics manufacturing and medical applications that demand clean oil-free air and quiet operation.
