DESCRIPTION

Jun-Air 87R Oil-Free Compressor (87R642-103R-N470X) is a factory-configured build of Jun-Air's oil-free 87R platform, from the Danish specialist in ultra-quiet compressors. Its rocking-piston pump produces clean air with no oil mist and none of the maintenance tied to oil changes or air/oil separators. The long part number identifies a specific factory configuration of the 87R unit.

KEY FEATURES

- Oil-free rocking-piston technology for clean, oil-free compressed air
- Ultra-quiet operation, the hallmark of Jun-Air, for use right at the workplace
- Factory-configured 87R build (87R642-103R-N470X)
- Low maintenance: no oil changes, oil filters or separators
- Proven Jun-Air 87R pump platform
- Suited to continuous duty in demanding environments

TECHNICAL SPECIFICATIONS

Type	oil-free rocking-piston compressor
Motor power	0.5 HP
Max. pressure	120 psi (approx. 8.3 bar)

Duty cycle

100%

APPLICATIONS

Ideal for dental laboratories, research and test labs, medical devices, and electronics/ESD workbenches where quiet, oil-free compressed air is required.
