DESCRIPTION

Jun-Air 3-4 Oil-Lubricated Compressor from Jun-Air, the Danish specialist in exceptionally quiet compressors. This oil-lubricated single-cylinder piston compressor is mounted on a compact 4-litre air receiver and runs at just 35 dB(A) for exceptionally quiet operation. Its space-saving design allows installation directly at the workbench.

KEY FEATURES

- Oil-lubricated single-cylinder piston pump for long-lasting, reliable operation
- Exceptionally quiet running at just 35 dB(A) – the hallmark of Jun-Air
- Compact 4-litre air receiver for steady air delivery
- Space-saving benchtop design for installation right at the workplace
- Low-vibration, low-maintenance operation
- Versatile use across laboratory, dental and electronics manufacturing

TECHNICAL SPECIFICATIONS

Type	Oil-lubricated (piston), 1 cylinder
Motor power	0.13 kW
Suction capacity	17 l/min
Free air delivery	11 l/min at 8 bar
Max. working pressure	8 bar

Tank volume

4 l

Noise level

35 dB(A)

Voltage

230 V / 50 Hz

Weight

18 kg

APPLICATIONS

Ideal for laboratories, dental practices, medical facilities and electronics or ESD workstations that require reliable compressed air at a low noise level in a compact footprint.
