

Jun-Air 12-40 Oil-Lubricated Compressor

Item no. JUN-1795025

Manufacturer Jun-Air

The Jun-Air 12-40 is an ultra-quiet, oil-lubricated twin-cylinder compressor from the Danish manufacturer Jun-Air, with a 40-litre air receiver. At just 48 dB(A) it delivers a quiet, reliable supply of compressed air – ideal for laboratory, dental and electronics-production environments.

TECHNICAL DATA

Weight 60 kg

DESCRIPTION

Jun-Air 12-40 Oil-Lubricated Compressor is a classic ultra-quiet compressed-air unit from the Danish specialist Jun-Air. Its oil-lubricated piston pump is mounted on a 40-litre air receiver and supplies clean, steady compressed air at just 48 dB(A). Thanks to Jun-Air's signature low noise level, the compressor can be placed right at the workstation.

KEY FEATURES

- Ultra-quiet operation at just 48 dB(A) – the hallmark of every Jun-Air compressor
- Oil-lubricated piston pump for durable, reliable operation
- Integrated 40-litre air receiver providing a steady supply of compressed air
- Free air delivery of 64 l/min at 8 bar for a stable air supply
- Compact, low-vibration design suited to installation at the point of use
- Robust construction from the Danish premium manufacturer Jun-Air

TECHNICAL SPECIFICATIONS

Type	Oil-lubricated (piston compressor)
Motor power	0.68 kW
Free air delivery	64 l/min at 8 bar
Max. working pressure	8 bar

Tank volume	40 l
Noise level	48 dB(A)
Voltage	230 V / 50 Hz
Current consumption	5.8 A
Weight	48 kg
Dimensions (L×W×H)	556 × 446 × 581 mm

APPLICATIONS

The Jun-Air 12-40 is well suited to laboratories, dental practices, medical facilities and electronics or precision-engineering workshops. Wherever a quiet, dependable supply of compressed air is needed at the point of use, it is a proven choice.
