

ESD polo shirt PRO, royal blue, carbon dissipative, 150 g/m², size 4XL

Item no. WL42156**Manufacturer Safeguard**

PRO series ESD polo shirt in royal blue, size 4XL. Made of 96 % cotton with woven carbon fibre for a dissipative resistance of 10⁵ to 10⁷ Ω. Features a chest pocket, button placket and ESD symbol on the left sleeve.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Certification	IEC 61340-5-1
Colour	Blue
Geschlecht	Unisex
Sales unit	1 Stück
Size	4XL
Weight	0.1 kg

STANDARDS & COMPLIANCE

ESD safe **DIN EN 61340-5-1**

DESCRIPTION

The Safeguard PRO ESD polo shirt protects electronic assemblies at the ESD workstation by controlling electrostatic charges on the garment and dissipating them through the grounded wearer. The carbon fibre woven into the fabric provides a durable dissipative resistance in the range of 10⁵ to 10⁷ Ω.

BENEFITS

- Carbon grid from 4 % carbon fibre for reproducible charge dissipation
- 96 % cotton for high wearing comfort and breathability
- Surface weight of 150 g/m² for light, comfortable wear
- Chest pocket, button placket and polo collar
- ESD symbol on the left sleeve for visible identification

TECHNICAL DATA

- Model: Safeguard PRO
- Colour: royal blue
- Size: 4XL

- Material: 96 % cotton, 4 % carbon fibre
- Surface weight: 150 g/m²
- Sleeve length: short sleeve
- Dissipative resistance: 10⁵ to 10⁷ Ω
- Gender: unisex

APPLICATIONS

Suitable for electronics manufacturing, repair and assembly as well as all EPA areas where personal ESD protective clothing is required.

STANDARDS AND COMPLIANCE

The polo shirt meets the requirements of DIN EN 61340-5-1 for ESD clothing.
