

ESD coiled cord PRO 2 M Ω , light blue, 1.8 m, 7/10 mm snap

Item no. WL42079**Manufacturer Safeguard**

ESD coiled cord from the PRO line for grounding wrist straps inside the EPA. Light blue version with a 2 M Ω safety resistor, 7/10 mm snap fastener and 1.8 m working length.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Certification	IEC 61340-5-1
Colour	Light Blue
Sales unit	1 Stück
Weight	0.1 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

This Safeguard ESD coiled cord PRO connects a wrist strap to the EPA grounding point and dissipates personnel-bound electrostatic charges in a controlled way. The integrated 2 M Ω safety resistor limits the leakage current and protects the wearer.

BENEFITS

- Reliable personnel grounding with a defined 2 M Ω resistance
- Stretchable coiled form for full freedom of movement
- High-visibility light blue version

TECHNICAL DATA

- Electrical resistance: 2 M Ω
- Length: 1800 mm (1.8 m)
- Connection: 7 / 10 mm snap fastener
- Colour: light blue
- Tested to BGI 818:2001
- Selling unit: 1 piece

APPLICATION

For grounding ESD wrist straps at workstations in electronics manufacturing, assembly and repair.

STANDARDS AND COMPLIANCE

Suitable for use in EPA areas to IEC 61340-5-1.
