

Screwdriver SoftFinish® Slotted Round Blade 2.5 x 75 mm for Low-Lying Screws - Wiha 00685

Item no. WH-00685

Manufacturer Wiha

EAN 4010995006853

The Wiha 302 SoftFinish slotted screwdriver with a 2.5 mm round blade delivers precise engagement with low-lying screw heads over a 75 mm blade length. The 23 mm handle diameter is optimised for fast, fatigue-free driving in dry assembly conditions.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	82054000
Weight	0.029 kg

DESCRIPTION

Reaching low-lying slotted screws without slipping demands a blade geometry that fits the screw channel accurately. The Wiha 302 SoftFinish with 2.5 mm round blade and 75 mm visible length provides the necessary reach while the SoftFinish handle keeps hand strain low during extended use.

BENEFITS

- SoftFinish® two-component handle minimises wrist strain and transmits torque reliably
- 2.5 mm round blade diameter engages low-lying and recessed slotted screw heads securely
- Slender 23 mm handle diameter for rapid driving of small screws
- Roll-off protection at the handle end keeps the tool in place on work surfaces
- Ergonomically positioned hard and soft zones for firm grip at speed and under load

TECHNICAL DATA

- Slot width: 2.5 mm
- Cutting edge thickness: 0.4 mm
- Round blade diameter: 2.5 mm
- Handle diameter: 23 mm
- Visible blade length: 75 mm
- Overall length: 179 mm

APPLICATIONS

Suitable for driving and removing low-lying slotted screws in assembly, electrical workshops, and general trade use. Designed for dry environments.

Manufactured in Germany. HS code 82054000.
