

Voltage Tester Slotted 3 mm, 120-250 V, Transparent with Clip - Wiha 32201

Item no. WH-32201

Manufacturer Wiha

EAN 4010995322014

VDE-certified voltage tester for alternating voltages up to 250 V with respect to earth potential, designed as a 3 mm slotted screwdriver. Transparent handle with push-on clip, chrome-vanadium steel blade, through hardened and nickel coated.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	90303370
Weight	0.05 kg

DESCRIPTION

The Wiha voltage tester 255-3 identifies AC voltages in the low-voltage range up to 250 V without a separate measuring instrument. Its dual function as a 3 mm slotted screwdriver makes it an everyday carry tool for electricians and installers in trade and industry.

BENEFITS

- VDE certified - tested safety for live working up to 250 V
- Transparent handle with integrated pilot lamp - voltage detected at a glance
- Push-on clip for secure storage in a pocket or collar
- Chrome-vanadium steel blade, nickel coated and through hardened

TECHNICAL DATA

- Measuring range: 120 - 250 V AC with respect to earth potential
- Slotted: 3 mm
- Handle diameter: 15 mm
- Visible blade length: 60 mm
- Overall length: 140 mm
- Dimensions: 140 x 20 x 20 mm

APPLICATIONS

Detection of alternating voltages in the low-voltage range; suitable for professionals in trade and

industry. Made in Germany (HS 90303370).
