

Hammer Face Extremely Hard (White) 30 mm for No-Recoil Soft-Faced Hammer - Wiha 39149

Item no. WH-39149

Manufacturer Wiha

EAN 4010995391492

The Wiha hammer face (8001K) in extremely hard (white) with 30 mm diameter is the correct replacement face for Wiha no-recoil soft-faced hammers. The extremely hard grade transmits high striking forces to the workpiece without surface damage. GS tested, made in Germany.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	39269097
Weight	0.01 kg

DESCRIPTION

Where high striking force is required without marking the workpiece, the extremely hard (white) hammer face delivers: it transfers impact energy efficiently with minimal rebound while protecting the surface.

BENEFITS

- Extremely hard grade (white) - maximum energy transfer with no-recoil impact
- 30 mm diameter - correct fit for Wiha no-recoil soft-faced hammers series 8001
- GS tested - verified safety for professional use
- Easy to replace - face swaps quickly when worn

TECHNICAL DATA

- Hammer face diameter: 30 mm
- Dimensions: 31 x 31 x 26 mm
- Technical weight: 17.4 g
- Material hardness: extremely hard (white)
- Approval: GS tested
- Weight: 10 g
- Country of origin: Germany

APPLICATIONS

Suitable as a replacement face for Wiha no-recoil soft-faced hammers series 8001K wherever high impact energy is needed alongside protection of the workpiece surface - e.g. in metalwork, assembly and automotive engineering.
