

ESD Shelf Board 1000 x 600 mm with Support Brackets - Fetra E9101ETAW

Item no. FE-E9101ETAW

Manufacturer Fetra

EAN 4017976191010

Additional conductive shelf board 1000 x 600 mm for the Fetra ESD shelf trolley, including one pair of support brackets. It adds another ESD-compliant shelf level with minimal tooling.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Country of Manufacture	Germany
HS-Code	44219999
Warranty	10 years
Weight	9 kg

STANDARDS & COMPLIANCE

ESD safe IEC 61340-5-1

DESCRIPTION

The ESD shelf board E9101ETAW adds a further conductive shelf level to the Fetra ESD shelf trolley in the 1000 x 600 mm size. One pair of support brackets is included, letting you set the height within the grid.

KEY BENEFITS

- Adds an extra ESD-compliant shelf level to the trolley
- Conductive design protects electronic assemblies from static charge
- One pair of support brackets included, height adjustable within the existing grid
- Exact board size 1000 x 600 mm

TECHNICAL DATA

- Design: conductive shelf board (ESD)
- Board size: 1000 x 600 mm
- Scope of delivery: 1 board, 1 pair support brackets
- Weight: 9.0 kg

COMPATIBILITY

Fits the Fetra ESD shelf trolley in the 1000 x 600 mm size. The ESD bracing struts E9101VK can additionally stiffen the structure.

STANDARDS AND SERVICE

Conductive design for use under IEC 61340-5-1. Made in Germany, 10-year warranty.
