

Table Trolley 850x500 mm 300 kg, 2 Shelves, TPE 125 mm - Fetra 3740

Item no. FE-3740

Manufacturer Fetra

EAN 4017976037400

Two-shelf table trolley with an 850 x 500 mm shelf area and 300 kg total capacity, 80 kg per shelf. Welded steel tube, powder-coated, with quiet 125 mm TPE wheels for flexible material transport on site.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	87168000
Warranty	10 years
Weight	28 kg

DESCRIPTION

The Fetra 3740 distributes material, tools and small parts across two shelves of 850 x 500 mm through workshop, lab and assembly. The welded steel-tube frame carries 300 kg in total, and each shelf holds up to 80 kg.

KEY BENEFITS

- 300 kg total capacity, 80 kg per shelf on 850 x 500 mm
- Two shelves keep workpieces, tools and small parts clearly separated
- TotalStop brake locks the swivel castor and wheel, FixStop locks the tracking when parked
- 125 mm TPE wheels run quietly, leave no marks and roll easily
- Welded steel tube, powder-coated for durable surface protection

TECHNICAL DATA

- Shelf area per level: 850 x 500 mm
- Total load capacity: 300 kg
- Capacity per shelf: 80 kg
- Tyres: TPE, wheel diameter 125 mm
- Brake: TotalStop and FixStop
- Net weight: 28 kg

APPLICATIONS

For supply and distribution in assembly, workshop, lab and order picking. The second shelf keeps tools and small parts to hand without taking up the work surface.

QUALITY AND SERVICE

Made in Germany, 10-year warranty on the welded frame.
