

Screwdriver SoftFinish® ESD Phillips PH0 x 60 mm antistatic - Wiha 08184

Item no.	WH-08184	Manufacturer	Wiha
Manufacturer no.	08184	EAN	4010995081843

The Wiha SoftFinish® ESD Phillips screwdriver PH0 x 60 mm is designed for work on electrostatically sensitive components and is certified to IEC 61340-5-1. The short 60 mm blade is well suited to precise assembly work in confined spaces.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
ESD equipment	ESD Schraubendreher
Execution	ESD (antistatic)
HS-Code	82054000
Weight	0.031 kg

STANDARDS & COMPLIANCE

ESD safe | IEC 61340-5-1

DESCRIPTION

Electrostatic discharges during PCB assembly and electronics maintenance can cause permanent component damage. The Wiha SoftFinish® ESD Phillips PH0 x 60 mm meets IEC 61340-5-1 and protects sensitive components by safely channelling static charges away. The 60 mm blade length is ideal for precise work in tight quarters.

Benefits

- ESD-certified to IEC 61340-5-1 - reliable protection against discharge damage
- Phillips PH0 profile - fits the smallest cross-head screws in electronics enclosures
- Short 60 mm blade - ideal reach for confined assembly situations
- SoftFinish® handle dia. 23 mm - secure grip for fast work

- Chrome-vanadium-molybdenum steel, matt chrome-plated - durable blade

Technical data

- Profile: Phillips PH0
- Round blade diameter: 3 mm
- Visible blade length: 60 mm
- Handle diameter: 23 mm
- Overall length: 164 mm

Applications

For assembly and service work on PCBs, power supplies, and electronic equipment requiring Phillips PH0. Suitable for EPA workstations.

Made in Germany. HS code 82054000. Standard: IEC 61340-5-1.
