

Anti-Slip Safety Chain for Tipping Skips And Self-Tipping Skips - Fetra 4707

Item no. FE-4707

Manufacturer Fetra

EAN 4017976047072

Galvanised link chain with two carabiner hooks that secures the load on tipping skips and self-tipping skips against slipping. Quick to hook on, with durable corrosion protection from galvanising.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	China
HS-Code	73158200
Warranty	10 years
Weight	1 kg

DESCRIPTION

The Fetra 4707 anti-slip safety chain holds the load on tipping skips and self-tipping skips in place and stops it shifting while moving or tipping. The galvanised link chain hooks on with two carabiners and is ready to use in seconds.

KEY BENEFITS

- Secures the load against slipping during transport
- Two carabiner hooks for quick attachment and removal
- Galvanised link chain, durable corrosion protection

TECHNICAL DATA

- Version: link chain with 2 carabiner hooks
- Finish: galvanised
- Overall length: 840 mm
- Rated capacity: up to 400 kg
- Net weight: 1.0 kg

APPLICATIONS

Accessory for tipping skips and self-tipping skips in workshop and industrial use, wherever loose or rolling loads must be secured against slipping.

QUALITY AND SERVICE

10-year warranty.
