

Anti-Slip Safety Chain for Tipping Containers - Fetra 4708

Item no. FE-4708

Manufacturer Fetra

EAN 4017976047089

Galvanised link chain with two carabiner hooks that secures the load on tipping containers against slipping. Quick to hook on, with durable corrosion protection from galvanising.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	China
HS-Code	73158200
Warranty	10 years
Weight	1.7 kg

DESCRIPTION

The Fetra 4708 anti-slip safety chain holds the load on tipping containers in place and stops it shifting while moving or tipping. The galvanised link chain hooks on with two carabiners and is ready to use in seconds.

KEY BENEFITS

- Secures the load against slipping during transport
- Two carabiner hooks for quick attachment and removal
- Galvanised link chain, durable corrosion protection

TECHNICAL DATA

- Version: link chain with 2 carabiner hooks
- Finish: galvanised
- Overall length: 1100 mm
- Net weight: 1.7 kg

APPLICATIONS

Accessory for tipping containers in workshop and industrial use, wherever loose or rolling loads must be secured against slipping.

QUALITY AND SERVICE

10-year warranty.
