

Wall Anchor Chain for Deposit Lock 1.20 m - Fetra 2913

Item no. FE-2913

Manufacturer Fetra

EAN 4017976029139

Steel wall anchor chain 1.20 m long to secure the first trolley of a deposit-lock-coupled row to the wall. Prevents the row from being removed without authorisation.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	73158200
Warranty	10 years
Weight	0.28 kg

DESCRIPTION

The 2913 wall anchor chain fixes a deposit-lock-coupled row of trolleys to the wall. It secures the first trolley and with it the entire row against unauthorised removal.

KEY BENEFITS

- 1.20 m steel chain for wall anchoring
- Secures the first trolley of the deposit-lock row
- Protects the whole coupled row from removal
- Sturdy, durable design

TECHNICAL DATA

- Length: 1.20 m
- Material: steel
- Function: wall anchor for deposit-lock system

APPLICATIONS

For deposit-lock trolley rows in warehouse, store and dispatch that are kept secured in a fixed location.

QUALITY AND SERVICE

Made in Germany, 10-year warranty.
