

Shelf trolley with tube struts 4 tiers, 600 kg, load area 1000 x 600 mm - Fetra 8311-1

Item no. FE-8311-1

Manufacturer Fetra

EAN 4017976831114

Shelf trolley with tube struts with 600 kg load capacity across 4 tiers for in-plant material handling. Usable area 1000 x 600 mm per shelf, overall height 1800 mm, welded steel frame with Total-Stop and Fix-Stop brake system. Made in Germany with a 10-year warranty.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	87168000
Warranty	10 years
Weight	85 kg

DESCRIPTION

The Fetra shelf trolley with tube struts 8311-1 moves up to 600 kg across 4 tiers through production, warehouse and dispatch areas. The 4 levels of 1000 x 600 mm usable area each keep orders, parts or picks cleanly separated so more is carried in a single run.

KEY BENEFITS

- 600 kg total capacity on 4 tiers for high transport throughput per trip
- 1 fixed shelf and 3 repositionable shelves, end walls with vertical tube struts that keep the load from sliding off
- Welded tubular steel chassis, powder-coated blue RAL 5007, built for continuous duty
- Total-Stop and Fix-Stop brake system locks the trolley securely during loading and unloading
- Overall height 1800 mm, easy to push and to manoeuvre through standard doorways

TECHNICAL DATA

- Load capacity: 600 kg
- Tiers: 4
- Usable area per tier: 1000 x 600 mm
- Overall height: 1800 mm
- Net weight: 85 kg
- Wheels: 2 swivel and 2 fixed castors, TPE tyres, ball-bearing hubs
- Frame: steel, powder-coated blue RAL 5007

- Shelves: wood, beech-finish surface

APPLICATIONS

Order picking, in-plant material flow, line-side supply at assembly stations, workshop and dispatch logistics. The separate levels suit staging several orders in parallel.

QUALITY AND WARRANTY

Made in Germany, 10-year warranty. Optional pneumatic, elastic, polyamide or polyurethane tyres and matching Euro containers and accessories are available.
