Intermediate Shelf for Trolley 1000 x 700 mm, 90 kg - Fetra E8102ETAW

Item no. FE-E8102ETAW | **Manufacturer Fetra** | **EAN 4017976081021**

Additional shelf panel 1000 x 700 mm rated at 90 kg to retrofit Fetra shelf trolleys. Includes one pair of support brackets for quick mounting. beech décor surface.

TECHNICAL DATA

Ausführungsklasse	**TEC**
Country of Manufacture	**Germany**
HS-Code	**44219999**
Warranty	**10 years**
Weight	**10.89 kg**

DESCRIPTION

This intermediate shelf adds a further load level to a Fetra shelf trolley and makes better use of the available height. The panel carries 90 kg and ships with a pair of support brackets.

BENEFITS

- Extra level with 90 kg load capacity per shelf
- Better use of trolley height at the same footprint
- Includes 1 pair of support brackets, height adjustable on the grid
- Sturdy wood-based panel, beech décor surface

TECHNICAL DATA

- Usable area: 1000 x 700 mm
- Load capacity: 90 kg
- Surface: beech décor
- Scope of delivery: shelf incl. 1 pair of support brackets
- Made in Germany

APPLICATIONS

Ideal for splitting small or mixed loads cleanly across several levels in the shelf trolley, for example in order picking, warehouse and assembly.

QUALITY

Made in Germany, 10-year warranty.
