

Steel Box for Shelf Trolley 1000 x 700 mm, 120 kg - Fetra E8122ETAW

Item no. FE-E8122ETAW

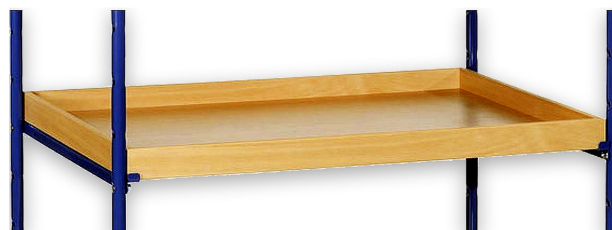

Manufacturer Fetra

EAN 4017976081229

Steel box 1000 x 700 mm with surrounding walls and 120 kg load capacity for Fetra shelf trolleys. Keeps bulk goods and small parts secure on the level. Includes one pair of support brackets.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	44219910
Warranty	10 years
Weight	11 kg

DESCRIPTION

This box turns one level of the Fetra shelf trolley into an enclosed tray with 60 mm walls. Bulk goods, loose small parts and chips stay safely on the load area during transport.

BENEFITS

- Surrounding walls prevent small parts and bulk goods from falling off
- 120 kg load capacity, sturdy steel construction
- Includes 1 pair of support brackets for quick mounting on the grid
- Usable area 1000 x 700 mm, wall height 60 mm

TECHNICAL DATA

- Usable area: 1000 x 700 mm
- Wall height: 60 mm
- Load capacity: 120 kg
- Material: powder-coated steel
- Scope of delivery: box incl. 1 pair of support brackets
- Made in Germany

APPLICATIONS

For in-house transport of bulk goods, turned parts, screws and recycling material in production, workshop and warehouse.

QUALITY

Made in Germany, 10-year warranty.
