

Stiffening Braces for Shelf Trolley 1.000 mm, 1 Pair - Fetra E8102VK

Item no. FE-E8102VK

Manufacturer Fetra

EAN 4017976381022

Steel stiffening braces for Fetra shelf trolleys with 1.000 mm frame length. They increase the longitudinal rigidity of the trolley frame under heavy loads. Supplied as a pair, brilliant blue finish.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	87169090
Warranty	10 years
Weight	2.5 kg

DESCRIPTION

These stiffening braces upgrade Fetra shelf trolleys with a 1.000 mm frame length for heavy and uneven loads. They brace the frame longitudinally and reduce shelf flexing during transport.

BENEFITS

- Higher longitudinal rigidity of the shelf-trolley frame at full load
- Less shelf deflection and rattling
- Quick retrofit on the existing trolley
- Steel construction, brilliant blue finish

TECHNICAL DATA

- Fits shelf trolleys with 1.000 mm frame length
- Scope of delivery: 1 pair (2 braces)
- Material: powder-coated steel
- Colour: brilliant blue
- Made in Germany

APPLICATIONS

Recommended for shelf trolleys that are regularly loaded heavily or on one side, for example in order picking, workshop and production.

QUALITY

Made in Germany, 10-year warranty on the Fetra range.
